FOR IMMEDIATE RELEASE

## **the F8 of the Furious**

**By: Andrea De Pena--** As we all know Fast & Furious has been a movie franchise that began in 2001.

**Director:** F. Gary Gary has recently made a new movie called the F8 of the Furious (Fast Eight), it was released in movie theatres on April 14. On opening weekend the film had reached \$98 million. The film reached a 7.2 star rating out of 10.

**Review:** Dom and Letty, now being married, go for a honeymoon in Havana, while Brian and Mia are retired and the rest of the crew relax and enjoy their days off duty. The team has found some semblance of having a normal life.

Soon they face an unexpected challenge when a mysterious woman named Cipher forces Dom to betray his family and friends. Now, they will all have to come together and join as one to bring home the man who made them a family and will have to stop Cipher from unleashing chaos before it's too late.

**Original cast members:** Vin Diesel (Dom), Michelle Rodriguez (Letty), Tyrese Gibson (Roman), Ludacris (Tej Parker), Dwayne Johnson (Hobbs), Jason Statham (Deckard), Nathalie Emmanuel (Ramsey), Elsa Pataky (Elena). **New cast members:** Charlize Theron (Cipher), Kurt Russell (Mr. Nobody), Luke Evans (Owen), and Kristofer Hivju (Rhodes).

In my Opinion the F8 of the Furious was not a disappointing film, it was just as exciting as the rest of the films in the action series. I strongly recommend this film for you and your friends to watch. If you, family, and friends enjoy watching action packed movies, this is a film for you.
