SAVANNAH SHIFLET-- The new FreeForm TV series in the genre of drama, written by Rebecca Serle, Famous In Love, starring Bella Thorne, who plays Paige Townsen, is about a college student who goes out to audition for the movie Locked. The pressure of being in the media 24/7 is a big life change for Paige, a dream of her's is finally becoming a reality.

The star of the movie Locked, Rainer Devon played by Carter Jenkins. When Devon notices Paige at the first audition he immediately is attracted to her, when Jordan Wilder (Keith Powers) lands a role in the movie, Paige's new life gets crazier than ever. Paige struggles to balance out her personal life and her work life, she tries to maintain good grades while memorizing lines, she also deals with a co-star who is in love with her, and keeping a good relationship with her two best friends. Paige's life is no longer ordinary as she starts to realize how crazy the Hollywood life can be.

During the first season when Rainer's mom Nina, a producer on the show, hires on Jordan, an ex best-friend of Rainers. Jordan hooks up with star singer, Tangey played by Pepi Sonuga, who was dating Rainer at the time of this incident. From here Rainer's life starts to take a turn. Rainer is also a recovering addict and he relapses when he finds out who his dad really is and all the stress that comes with the Hollywood life style. This is among some of the life changes that Rainer has to deal with throughout the show.

Famous in Love shows the reality of the Hollywood life style in many aspects and how stressful life can be in general for anybody. I like watching this show because it's the reality for some people and it's also fantasy that only a select few get to experience, in this show you get to see an upcoming stars life from not only her point of view, but other people's point of view as well and how it effects the different relationships of life.
